LAWS 3940 contains **one credit hour** of ethics designed for applicants for the CPA exam into the course that has the bulk of material for the CPA exam.

The CPA regs do not require one credit hour, rather (like AACSB) the regs merely require "business ethics".

Chapter 9, section 003.02B identifies 10 topic areas to be covered within 36 credit hours.

Additionally, all property law is assembled in 3920.

To make room in 3940 b-law-2, the specialty areas of law (i.e., administrative, consumer, & antitrust) are moved into b-law-1 3930.
